

Good morning, CBGS families!

Mark your calendars! Our fall field studies calendar is finished and can be [found at this link](#). Please note that the calendar is organized by campus into three pages. While we hope to complete each of these trips on the days we have chosen, all of our field studies are subject to the weather and other factors.

Here are a few upcoming community service opportunities for those looking to log some hours this summer. [Use this form](#) to help document any completed hours:

- The Menokin Foundation is in need of volunteers to help with their 'Power of Place' event on Saturday, July 13th. Contact Alice French at afrench@menokin.org for more information.
- Aylett Country Day School is in need of volunteers to help with renovations to their school playground this week, June 24-28 from 9am-3pm. Contact Brittney at 804-445-5579 for more information. Any contribution is welcome, even one or two hours.
- You can find a list of other community service opportunities [at this link](#).

We hope everyone is enjoying the summer!
