

Good afternoon, CBGS students and families!

- We have a lot of activities planned to kickoff the beginning of the 24-25 school year! As a result, we're going to push back the due date for the summer assignment to Tuesday, September 3rd. You can access a copy of the summer assignment [at this link](#).
- Here are a few dates to make sure you have on your calendar:
  - Friday, 8/23 - All-site at Warsaw campus (students report to their CBGS campus at the usual time and will return to their home school in time for bus dismissals)
  - [Field study calendar](#) - Make sure to check your campus and grade level for day trips and overnight field studies. Each grade level has one overnight field study per year. More information on each trip will be sent home after the school year begins.
- Thanks for the picture updates I have received from some of you on your summer pursuits! I'm still accepting photos to post on our social media platforms about what you have been up to this summer.
